Item	Donor	Description
	<p>Stan Benson PO Box 222 Pipestone, MN 56164</p>	<p><b>Book by Rolfe Cobleigh</b> Here you will find hundreds of clever ways to transform those odds and ends that might seem like junk into very useful gadgets and tools, from a treadmill that can power a dairy separator and churn, to a drinking fountain for chickens. Other devices include a rig for moving large trees; a self-feeder for bees; a hand garden cultivator; and gates that lift over snowdrifts.</p>
	<p>Stan Benson PO Box 222 Pipestone, MN 56164</p>	<p><b>Book by Derek Hall</b> The breeds are well presented visually, often as chicks, poults and adults, which takes the mystery out of wondering what they should look like young or when they are mature. The write ups are very helpful and go into often neglected details such as individual breed mannerisms and behavior traits.</p>
	<p>Stan Benson PO Box 222 Pipestone, MN 56164</p>	<p><b>Book by Stephen Green Armytage</b> This book provides a glorious window into the world of exotic chickens. With gorgeous color photographs and lively text, author Stephen Green-Armytage surveys many breeds around the world, capturing with his camera chickens of all sizes, shapes, and colors while illuminating beautiful feather patterns, elaborate wattles and 'boots', and many other details.</p>
	<p>Stan Benson PO Box 222 Pipestone, MN 56164</p>	<p><b>Book by Julius Ruechel</b> For any farmer interested in entering this profitable specialty area, here is the first complete manual on raising, caring for, and marketing grass-fed cattle. Includes advice on herd selection, breeding, pasture management, fencing, winter grazing, diseases, equipment, slaughter, labeling, marketing, and financial planning.</p>
	<p>Stan Benson PO Box 222 Pipestone, MN 56164</p>	<p><b>Book by Gail Damerow</b> Offers tried-and-true, expert advice on raising healthy, happy, productive farm animals: chickens, geese, ducks, rabbits, goats, sheep, and cattle. Each chapter focuses on a different animal, discussing the pros and cons of raising the animal, housing and land requirements, feeding guidelines, health concerns, and a schedule for routine care.</p>
